FOR IMMEDIATE RELEASE

Cancer Support Community's Frankly Speaking About Cancer: Clinical Trials, Mindfulness and Movement

Free educational workshop highlighting how clinical trials work

St. Louis, MO. – (October 13, 2016) **Cancer Support Community of Greater St. Louis** (CSC) partners with Saint Louis University Cancer Center, Siteman Cancer Center and The Empowerment Network to bring you a free educational workshop that focuses on building awareness among clinical trials. This workshop, led **by Dr. Jack Lionberger**, MD, PhD, **from Saint Louis University Cancer Center** will highlight the importance of research and how clinical trials work. Participants will also have the opportunity to experience the benefits of mindfulness and gentle movement with representatives from **Siteman Cancer Center**.

Date:Saturday, October 29thTime:9:00 AM - 1:30 PMLocation:II Monastero3050 Olive BoulevardSt. Louis, MO 63103

For more details and registration contact **Renata Sledge**, Program Director at Cancer Support Community, **314-324-2000**, ext. **224**.

Frankly Speaking About Cancer: Clinical Trials is part of a Frankly Speaking About Cancer series, a collection of cancer-related education programs created by Cancer Support Community. This program is made possible through an unrestricted educational grant from Amgen, AstraZeneca, BioMarin, Celgene, Karyopharm, Pfizer and Novartis.

Cancer Support Community of Greater St. Louis is a non-profit organization whose mission is to ensure that all people impacted by cancer are empowered by knowledge, strengthened by action, and sustained by community to enhance their overall well-being. All programs are offered at no charge in a comfortable, home-like environment. Cancer Support Community offers professionally-led support groups, educational workshops, nutrition and exercise programs, and stress management classes to empower and educate individuals affected by cancer.
